Safety bulletin

Promulgated for your information:

SAFETY BULLETIN No. 2

DANGEROUSLY WEIGHTED
SHIPS HEAVING LINES

There have been several instances where dangerously weighted heaving lines, including the use of monkey's fists with additional weights inserted into them, have been used resulting in serious injury. Further guidance is contained in Ch 26 section 26.3.5 in the 2015 edition of the Code of Safe Working Practices for Merchant Seafarers.
