

Notice to Mariners

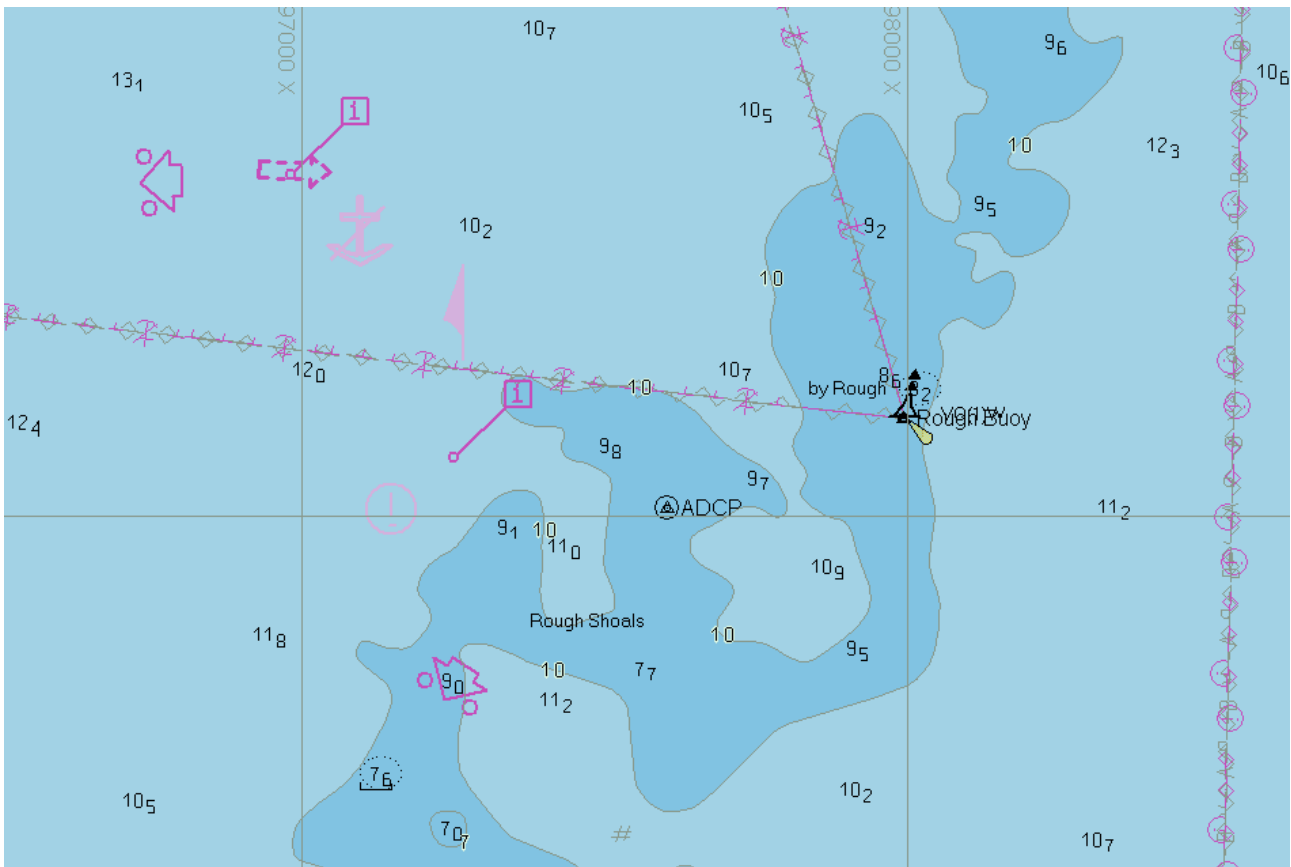

Number: 21
Year: 2024
Issued: 05 April
In force: 2023: 48, 2024: 08,10,14,15,18,19,20,21

Temporary Deployment of Scientific Equipment

In the week commencing **08 April 2024**, scientific equipment will be deployed in the vicinity of the Rough Shoals in the following position (see table 1 & picture 1) for approximately **2 months duration**:

Equipment	Lat	Long
ADCP	51° 55'.106 N	001° 30'.665 E

Table 1: GPS co-ordinates of deployed equipment (WGS84 datum)

Picture 1: Location of deployed equipment (ADCP) in the vicinity of the Rough Shoals

The scientific instrument will stand approximately **2m in height** above the sea bed and will be marked with **two special mark buoys**, flashing a **yellow light** every **2.5 seconds**, positioned NE / SW either side of the instrument.

Mariners are advised to navigate with additional caution in this area and pass well clear of the temporary buoys.

Will Barker

Marine Director (Harbour Master)
